

Pilning & Severn Beach BMX Track Questionnaire

What part of the parish do you live in?

72 responses

Do you think local residents would benefit from a free community sports facility such as the proposed pump track?

74 responses

If there were a pump track in our parish, would anyone in your household use it?

74 responses

Of those in your household who would use the track, which age category do they fall into? (Select all that apply)

63 responses

How often do you think they would use it?

63 responses

Would anyone in your household be interested in either age-appropriate pump track coaching sessions to improve their skills, or clubs for social reasons?

72 responses

If you or anyone in your household has recently visited and enjoyed using a pump track please tell us the name of the facility, where it was located, and what you particularly liked (or disliked) about it.
Cumberland Basin, FoD, Lawrence Weston and Patchway.
Patchway
We used the bmx ramps at Easter compton a month ago and enjoyed it. My kids loved it
Patchway
Wotton under edge
Patchway
Bradley stoke
Bristol BMX Club Patchway love it
Thornbury
Patchway. Eastercompton. Filton
One under Cumberland basin was good just quite small.
Leckhampton, hartcliffe, Brunel the velosolutions track in hartcliffe is amazing! It's suitable for bikes and scooters.
Hartcliffe
Brunel way tarmac pumptrack I'm Bristol, great facility for all ages and abilities 🤝
Brunel pump track bristol highly recommended borrows field pump track Cheltenham
Velosolutions track hartcliffe and fishponds
Bristol BMX Patchway Open track which is not maintained by the council so can be dangerous
Brunel pump track it was easy access and many people could come and go.
Brunel, Cumberland Basin, Bristol. +Small, flowey tarmac track - location
patchway
Not any local
Forest of Dean trails, great range there but it's not accessible to a lot of younger people who would benefit from a small track to get them out and onto bikes. I would prefer to see a dirt based pump track rather than tarmac, a clay and soil mix track would be good with BMX riders and mountain bikers giving more variety and a wider range of accessibility. This is an opportunity to build a gateway for people of all ranges into what is a rapidly growing sport.
Highfields pump track. Like how there are more than 1 track/ routes so kids/ beginners can use an easier one and then more confident riders can use the difficult one.

If you have any other comments or suggestions please write them below.
Please don't make it to intimidating. We don't want to see a RedBull rampage track ;-) This will be a great focal point for the younger generations. Looking forward to a positive response.

Young people need more facilities in the villages, encourages outdoor activity as opposed to gaming at home.
Lessons would be a great idea too
another noisy suggestion for entertaining young people at the expense of peace and quite for older people. Is the proposed site next to a parish councillors home? I bet its not.....
This is the best idea for our children. Excellent
Great idea and will draw lots of visitors. Needs a fish and chip van or similar though! Insert smiley face emoji here!
Let's get kids off screens and outside
We need one in olveston
Needs to be tarmacked and also has to be something for everyone
Flood lit for work yet use would be useful
It would be fit young children and older men and women letting them get outdoors trying new things not needing a really expensive bike etc. Last time I went to a pump track I saw little children on scooters and older people on road bikes having a short go.
Would be great addition to a rural parish for all wheeled users (any bikes, blades, skates, scooters, skate boards, push chairs, buggy's,) good luck
Think Severn beach has no facilities for children teenagers This would be a great asset for the community and children
It might be good to have a little skate park area with the pump track to the side of it. Everyone is then catered for and more room for everyone
